II- Reading Comprehension

Read the following passage and answer the questions below:

On a cold day in winter, a woman was walking home when she noticed a snake lying on the other side of the road. **It** was hardly moving and was obviously dying of cold. The woman being kind-hearted, took off her scarf, wrapped the snake up in it and went home. She put the snake next to the cooker where it would get warm and start showing signs of life. The snake's body became warm and it left the scarf and started exploring the kitchen, looking for something to eat. The woman found some food for it and the snake finished all the food and went to sleep.

The days went by and the snake recovered. The weather remained cold, so the woman hadn't the heart to put the snake outside again.

One day when the woman was busy cooking her lunch, a pain shot through her leg. She looked down at her foot and saw two small holes. The snake had bitten her. She turned to the snake and cried, "How could you bite me, when I've always been good to you? Now I'm going to die".
