

Total Mark 50 Marks

I. Reading (28 Marks)

A. Reading Comprehension (20 Marks)

Read the following passage, then answer the following questions below:

A library plays a very important role in helping pupils to learn well. Libraries are useful places to increase their knowledge and understanding on **various** subjects. A school library plays a great role in life of students.

At the library there will always be someone to help you to find what you want .This person is called the librarian. A library without a librarian is just a collection of books. It is the librarian who brings it all together. He can help you to find books about any subject you want, or any information you need in, magazines, newspapers or even in the internet.

Imagine a place where all students feel welcome and are encouraged to grow and learn. Teachers and students love and value school libraries. **They** provide more than books, computers and other technology, databases of accurate information, e-books, plus fun and educational activities .They also provide a safe place for all students to think, create, share, and grow. School libraries can be a favourite spot for many students. It's a place to empower learners.
