

## Unit 7

## The water cycle

Water cycle is important. First, the sun heats water. Then, it turns into vapour. Next, the vapour goes up in the warm air. After that, the vapour changes into little drops of water which make clouds. Finally, it rains. We can't live without water.

## Unit 7

## Oil

Oil is very important in our life in Kuwait. First, the scientists find the oil under the ground or under the sea. Then, they take it out to the earth. Next, they put it into pipelines. After that, they take it to the factory. In the factory they turn it into petrol. Finally, they take the oil to other countries.

## Unit 8

## Saving energy

We use a lot of energy everyday. We shouldn't waste energy. We should use the light bulb. It is cheap. It lasts longer. We should turn the lights off. We should put off the computer and the TV. We should save energy.

## Unit 9

## Scientists

Scientists are clever people. They work hard. They work in the labs. They do experiments. They make great inventions. These inventions make our life easy. I'd like to be a scientist.

## Unit 10

## My life

To: Maha

From: Hajer

Subject: My life

Dear: Maha

How are you? I'm writing to tell you about my life. I'm in grade six and I live in Kuwait. I have got many friends. My favourite friend is Nada. My favourite sport is swimming. I do some activities in my free time. I like playing video games and surfing the net. Write soon and tell me about your life. Best wishes.

Yours, Hajer

## Unit 11

### Kuwait

Kuwait is a beautiful country. It's small and modern. Kuwait City is the capital. Tourists can enjoy many wonderful places. It has many shopping malls and restaurants. Also, it has wonderful beaches. They can visit the Museum and Kuwait Towers. They can see old buildings when they go to Failaka Island.

## Unit 12

### My holiday

A holiday is the time when we are free and have fun. Last year, I travelled to Dubai. I travelled with my family. We travelled by plane. We stayed there for a week. We stayed in a hotel near the beach. We visited many places. We enjoyed too much.
