Before you read

1. Answer the questions.

They are in Kuwait .

1. Where are these buildings?

2. How do people use them?

They use them to save water .

3. Why are they important to us?

Because they save water to use them .

2. Reading

What do you know about water? Well, a person can live without food for more than a month, but a person can only live without water for a week only. Water helps us to keep healthy and is very important to us.

Where do we get our water from in Kuwait?

Two thirds of the Earth is covered in water but we can only drink a little of it. Most of the water is sea water – but people can't drink it. Rich countries like Kuwait take the salt out of sea water to make drinking water. It is difficult to do this. They have to build desalination plants, which are very expensive. They keep the water in towers around the country. Kuwait Towers are famous over the world and they hold water, too.

Many people in the world do not have safe drinking water. Every year, many people die because they drink dirty water. We need water in our homes, in factories and for farming. It is important to use water carefully and we should never waste it.

Reading

Before you read

1. Talk about these questions.

1. What is this animal?

2. Is it dangerous?

3. Can you see it in the sea near Kuwait?

The Whale Shark

No, it isn't.

Sometimes, you can see it near Kuwait.

a

2. Read and find the answers to the questions in Exercise 1.

The whale shark is the largest shark. It is eighteen metres long. It eats small fish and plants in the sea. It lives in warm waters and divers sometimes see one in the sea near Kuwait. They are not dangerous but they are very big so you mustn't swim near them.

Butterfly fish have got beautiful colours and patterns. They live in the coral reef. The other fish can't see them because butterfly can hide in the colourful reefs – then they can't eat them!

d

3. Read about three more sea animals.

A puffer fish has got four very sharp teeth. Some puffer fish have got spikes.

When it is frightened, a pufferfish drinks a lot of water so it is round and bigger.

Turtles have got beautiful shells. When they want to lay eggs, they walk very slowly up the beach, dig a hole in the sand and lay their eggs in it.

4. Which animal am I?

1. Watch out!

b

2. I can't run fast!

c

4. You can't see me!

Josh and Mark come from New Zealand. It was summer. The boys were on holiday.

They were playing on the beach when Josh found a map under a tree. He showed it to Mark. They read the map. They found some treasure.

They took it to the police station. The policeman was very happy with the boys. Two days later the boys got a present – three hundred dollars each!

15. Now read this story. Is it better or worse than the one above? why?

Treasure tree

It's better than the one above . It's detailed .

Josh and Mark were thirteen-year-old boys who came from New Zealand. They were good friends and they were both clever. They often played together on the beach.

One sunny day, they were playing on the beach when Josh found something under a tree. "Look here," he said to Mark. "What's this?" The boys opened it carefully. It was very old.

"It's a map," said Mark. "I think it's a treasure map."

The boys read the map. This was really exciting. Who put it under the tree? When? The boys didn't know. They started to walk – first straight on, then left, then straight on. Finally they saw a very big tree. This tree was on the map. They looked around and they saw a box. They couldn't open it but it was heavy. Was it treasure?

They quickly took it to the police station. The policeman was very happy with the boys. He opened the box and inside there were old gold coins!

Two days later, the boys got a present – three hundred dollars each!
